1 Original Plan

2 Summary

3 Plan in Next Two Weeks

Original Plan

Plan A

Search information and knowledge of OFDM modulation and 3c channel to settle down some problems in my Matlab code.

Original Plan

Plan A

Search information and knowledge of OFDM modulation and 3c channel to settle down some problems in my Matlab code.

Plan B

Acquire Driver's license as soon as possible.

3 Plan in Next Two Weeks

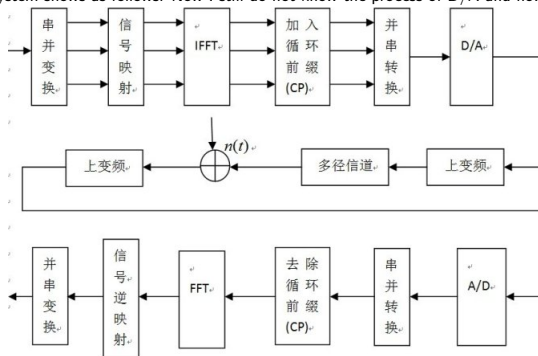

Rate of Progress 50%

Accomplishment 1

OFDM ranging system

the OFDM system shows as follows: Now I still do not know the process of D/A and how to achieve down conversion in

Matlab code.

Rate of Progress 50%

• *3c channel*

I read piece of the Matlab code about 3c channel, and asked help for ShiWei.

Rate of Progress 50%

- *3c channel*

I read piece of the Matlab code about 3c channel, and asked help for ShiWei.

- *Driver's license*

Second subject of the driving test will come soon.

1 Original Plan

2 Summary

3 Plan in Next Two Weeks

Goal

- Make the D/A process in OFDM modulation clear and realise the step of down conversion. Then correct my Matlab modulation. ...
